RoHS Directive 2015/863 Statement

Restriction of Certain Hazardous Substances

COMMISSION DELEGATED DIRECTIVE (EU) 2015/863 of 22 July 2019

amending Annex II to

Directive 2011/65/EU of

the European Parliament and of the Council as regards the list of restricted substances (Limits are at Homogeneous Level)

Cadmium (0.01%)	Polybrominated diphenyl ethers (PBDE) (0.1%)
Lead (0.1%)	Bis(2-ethylhexyl) phthalate (DEHP) (0.1%)
Mercury (0.1%)	Butyl benzyl phthalate (BBP) (0.1%)
Hexavalent chromium (0.1%)	Dibutyl phthalate (DBP) (0.1%)
Polybrominated biphenyls (PBB) (0.1%)	Diisobutyl phthalate (DIBP) (0.1%)

RoHS stands for Restriction of Hazardous Substances, and it impacts the entire electronics industry and many electrical products as well. The original RoHS, also known as Directive 2002/95/EC, originated in the European Union in 2002 and restricts the use of six hazardous materials found in electrical and electronic products. All applicable products in the EU market since July 1, 2006, must pass RoHS compliance.

Directive 2011/65/EU was published in 2011 by the EU, which is known as RoHS-Recast or RoHS 2. RoHS 2 includes a **CE-marking directive**, with RoHS compliance now being required for CE marking of products. RoHS 2 also added Categories 8 and 9 and has additional compliance recordkeeping requirements.

Directive 2015/863 is known as RoHS 3. RoHS 3 adds four additional restricted substances (phthalates) to the list of six.

SEA Wire and Cable, Inc. is committed to complying with the regulations of RoHS and continues to work with our suppliers to gather all information necessary to declare products as compliant, or to report any hazardous substances present. A statement of compliance to RoHS and REACH can be found on the bottom left-hand corner of each packing list, valid unless otherwise stated next to the non-compliant product.

Thank you,

William Thomas

Manager of Quality
